experience

Lone Rock Point – Remote
Senior UX Contractor (2023-2024), Director of UX Engineering (2024-Present)
Developed and executed strategic UX research, design, and development initiatives for public sector clients including NASA. Implemented company-wide Lean UX strategy for systemizing our design and discovery process. Contributions include frontend development, interactive prototyping/wireframing, content architecture, user research and analysis, and user-focused visual designs for CMS-driven websites.

Marktime Media – Remote
Independent Frontend Developer & UX Design Strategist (2008-Present)
Designed, developed, and managed client projects, focusing on digital design and custom WordPress website solutions. Acted as independent design & development contractor alongside agency teams. Provided strategic UX Design services for corporate clients, including long-term contracts with Target and Discovery Education.

Richter Studios – Chicago, IL
Designer (2008-2009)
Worked collaboratively and independently on a wide variety of design projects for corporate clients, including: presentations, websites, social media campaigns, video graphics, identity design, annual reports, animations, and advertisements.

Purdue Marketing Communications – West Lafayette, IN
Graphic Design Intern (2007-2008)

CIULLA ASSOC – Chicago, IL
Graphic Design Intern & Junior Designer (2007)

community
